## The District of Columbia vs. Minor Outlying Islands vs. the United States of America

I guess the next point we need to discuss is the challenge in getting our heads around the three facts that:

(1) First, the only legitimacy of the Dutch American families of Manhattan Island New York is through the deals with the British to control the military District of British Columbia connected via Vancouver Island (as Minor Outlying Islands) from 1866 (**29&30Vict. c.67**); and then confirming the rights of the Government of British Columbia in 1870 (**33&34Vict.c.66**); and then paving the way for the creation of the Government of the District of Columbia by the illegitimate US Congress in 1871 (**41st Congress ch.62**); and then the British confirmation of the re-establishment of provinces within the Dominion of Canada (**34&35Vict.c.28**), then the naturalization treaty with the United States in 1872 which made all Americans, British subjects (**35&36Vict.c.39**) and then the treaty with the military regime controlling the District of Columbia recognizing its legitimacy in occupying the United States of America in 1872 (**35&36Vict.c.45**).

(2) Second, the only Office recognized by the Crown of Great Britain and the Vatican under the original Constitution of the United States of America, being the Treasurer to the Navy in Admiralty from 1785 (**25Geo3.c.31**) operating as the original US Treasury which from 1871 onward had to operate on an island off the mainland United States as the head of the Minor Outlying Islands in treaty with the District of Columbia; and

(3) Third, the only true Constitution in operation since **1861** is the **Constitution of the Confederacy of the United States of America**, as I showed you in the link and as is proven by the public notice of the Articles of Confederation; yet held as a prize in the giant prize of war state known as Delaware or "State Of War" in which in subsequent years, all the other nations and kingdoms whose sovereignty was seized and taken by the pirates under letters of marque were subsequently stored in trust.
